S. , Office of Technology Assessment : For sale by the Supt. of Docs. , U. S. G. P. O. , 1990. LC Number: RA567. 7 . F56 1990 OCLC Number: (OCoLC)22610157 Subject: Medical wastes -- Government policy -- United States. Excerpt: . . . 6 Finding the Rx for Managing Medical Wastes adoption of baseline, uniform standards for each operating training for workers responsible for medical waste management. type of treatment method; establish a protocol for approving or certifying new treatment alternatives; and include medical wastes in State waste management plans. In these plans, States could be related to various medical waste treatment technologies and management plans. Possible directions for required to consider waste reduction options, recycling, and areas where further information and similar planning issues for medical waste, as management are suggested by the study's findings. they would be required to do for MSW. Within this more comprehensive approach to POLICY ISSUES FOR medical waste management, or independent of it, a FEDERAL ACTION number of other policy issues can be addressed. These include the following: The reauthorization process for RCRA provides an opportunity to revisit the medical waste reduction and recycling issues first addressed by Congress in 1988. In addition to opportunities for toxicity and volume reduction and recycling of medical wastes program will provide further opportunity to incorporate what is learned from the program and from the being adopted throughout the country for MSW. mandated studies by EPA and ATSDR into...
