Lively, dramatic artwork scenes draw children into a subject, and each scene is followed by a photographic information spread that gives a wealth of extra detail. As a fun extra element, the reader can follow themed links to access information on related topics. Anyone who has ever looked at an insect with a magnifying glass knows that the world of these tiny creatures is fascinating. In Insects and Creepy-Crawlies, young readers get an up-close view of life in a variety of insect habitats. Each spread focuses on a key topic, from insect homes, to a butterfly's life cycle, to flying insects and life in a beehive, to amazing hunting minibests including spiders and scorpions.
