

Coconut Oil - The Science + 100 Coconut Recipes: Is Coconut Oil Really a Powerful Health Food or Should It Be Avoided? What Does Science Say?

Filesize: 4.47 MB

Reviews

It is really an amazing publication that I actually have possibly study. It is actually packed with knowledge and wisdom You will not really feel monotony at whenever you want of your time (that's what catalogs are for regarding in the event you request me).

(Walton Watsica)

COCONUT OIL - THE SCIENCE + 100 COCONUT RECIPES: IS COCONUT OIL REALLY A POWERFUL HEALTH FOOD OR SHOULD IT BE AVOIDED? WHAT DOES SCIENCE SAY?

[DOWNLOAD](#)

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.As a super food, coconut oil is claimed to have an array of health benefits including hair care, skin care, weight loss, and an improvement of cholesterol levels, thyroid function and it could even help reverse Diabetes type 2. The high content of saturated fat scares a lot of people away though, since the commonly held belief is that saturated fats contribute to high cholesterol and heart disease. What is true? Is coconut oil really a powerful health food or should it be avoided? What does science say? One of my reasons for writing this book is my love for everything with coconut in or on it. I feel it s good for my body, but to be able to recommend it to other people I want to be sure. I dived into the studies on coconut oil and its individual components, and what I found was pretty amazing. Not only did I find several unexpected benefits of coconut oil, but also the negative health effects of the polyunsaturated oils typically found in innocent vegetable oils, nuts, seeds and soy products. In this book I share my finding: you will learn about the composition and properties of coconut oil, read about personal experiences, get an evaluation on the research that has been done on various health topics in relation to the oil and 100 tried and true healthy gluten free coconut recipes! The coconut recipes are all free of gluten, grains, dairy, refined sugars and low in polyunsaturated fat.
