The Minute Boys of the Mohawk Valley

By James Otis

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.It seems not only proper, but necessary, that I should explain how the material for this story was obtained, and why it happens that I can thus set down exactly what Noel Campbell thought and did, during certain times while he was serving the patriot cause in the Mohawk Valley as few other boys could have done. At some time in Noel s life--most likely after he was grown to be a man with children, and, perhaps, grandchildren of his own--he wrote many letters to relatives of his in Portsmouth, New Hampshire, wherein he told with considerable of detail that which he did during the War of the Revolution, and more particularly while he and his friends were fighting against that wily Indian sachem, Thayendanega. These letters, together with many others concerning the struggles of our people for independence, came into my keeping a long while ago, and from the lines written by Noel Campbell I have put together the following story after much the same fashion as he himself set it down.
