Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

SEX TRAFFICKING IN SOUTH ASIA : WITH SPECIAL FOCUS ON INDIA

2016. Hardcover. Book Condition: New. 250 ABOUT THE BOOK:- Trafficking is a multi-dimensional problem encompassing a whole range of economic, social and cultural issues which are varied and highly complex. Almost every country in the world is affected by trafficking. Poverty and deprivation, secondary status accorded to women in society, prejudice against the girl child, weakening of the family structure, changing public attitude towards sex and morality, urbanization, migration and the growing consumerism are some of the factors that have contributed to trafficking in South Asia. India is no exception to this trend and is emerging as a major source, transit and destination point for trafficking. The present book examines this issue from a gender perspective and analyses three agents in this issue namely the victims, the police, the Non Government Organizations (NGO's) and Community Based Organizations (CBO's). This book will be a useful source for academicians, activists, and students and those interested in social, political and economic issues related with violence against women ., ABOUT THE AUTHOR:- Rekha Pande is the Head of the Department of History and a Joint Faculty in the Centre for Women's Studies at the University of Hyderabad.
